Basic Grants to LEAs

Overview

The United States Department of Education (USDE) calculates the Title I grant allocations to LEAs on an annual basis. The calculation uses the census data that is provided by the Census Bureau to determine the number of “formula children” in the district.

Florida Department of Education receives the final allocation for the districts from USDE in the spring of each year. Due to possible changes in the district and to allow for state reservations, FDOE must adjust USDE’s allocations. The state’s reservations include:

- non-county LEAs (FSDB, Lab Schools);
- 4 percent for school improvement activities;
- 1 percent for State Administration;
- up to 5 percent of the Title I, Part A amount a state received in excess of its prior year amount for the state academic achievement awards program.

The Bureau of Student Assistance sends out the preliminary and final allocations to the districts.

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION
WASHINGTON, DC 20202-6132**

March 27, 2007

MEMORANDUM TO CHIEF STATE SCHOOL OFFICERS AND TITLE I STATE COORDINATORS

Subject: Preliminary School Year (SY) 2007-08 Title I Allocations

Enclosed are **preliminary** SY 2007-08 allocations for Title I, Part A Basic, Concentration, Targeted, and Education Finance Incentive Grants, the State Agency Neglected and Delinquent program, and Even Start. We based these allocations on action taken by Congress in the Revised Continuing Resolution for 2007, Public Law (PL) 110-5.

In calculating preliminary Basic, Concentration, Targeted, and Education Finance Incentive Grant allocations for local educational agencies (LEAs), we used income year 2004 census estimates of the number of related children ages 5-17 in families in poverty, the total school-age population, and the total resident population for each LEA. In addition to the 2004 census data, these allocations factor in updated State per-pupil expenditure data from SY 2004-05 and data on the number of children in locally operated neglected or delinquent institutions, foster homes, and families above poverty receiving assistance under the Temporary Assistance for Needy Families program that were used last year to determine SY 2006-07 allocations. Note that these preliminary allocations will change with the use of updated non-census data and because of possible changes to the 2004 census data that result from the process used to verify the school district boundary survey on which these data are based.

In determining Title I LEA allocations, we also used the variable hold-harmless provision in section 1122(c) of the Title I statute. Each eligible LEA is guaranteed at least 85, 90, or 95 percent of the amount allocated to it in the preceding year, depending on its percentage of formula children. In the case of Concentration Grants, however, the statute provides that an LEA not meeting the statutory eligibility thresholds is guaranteed its hold-harmless amount for four consecutive years. Therefore, an LEA that was last eligible for a Concentration Grant in SY 2003-04 but not eligible in SY 2004-05, SY 2005-06, SY 2006-07, and SY 2007-08 will receive its hold-harmless amount in SY 2007-08. If that LEA, however, fails to meet the Concentration Grant eligibility thresholds next year (SY 2008-09), it will no longer be eligible for the hold-harmless guarantee.

The attached notification provides more detail about the operation of the Title I, Part A formulas.

If you have any questions about these preliminary allocations, please contact Mr. Sandy Brown on my staff at (202) 260-0976. We expect to announce final allocations in May.

MEMORANDUM TO TITLE I STATE DIRECTORS

Subject: Updated Census Data for Allocating School Year 2008-09 Title I, Part A Funds to Local Educational Agencies

Please find attached updated 2005 population and poverty estimates for the local educational agencies (LEAs) in your State. The Census Bureau released these data on January 9, 2008. These data are also available at <http://www.census.gov/hhes/www/saipe/index.html>. I am providing these data for two reasons: (1) to enable your State to review these data and verify the accuracy of the school district boundary survey on which these data are based; and (2) to enable you to estimate your LEAs' eligibility for, and allocation of, Title I, Part A funds. We will use these data to calculate school year (SY) 2008-09 allocations.

Review of estimated census data: These estimates are based on a statistical model that uses decennial data, household survey data, administrative records data, and population estimates. The Census Bureau has established a 90-day period for reviewing these data and requests that corrections be submitted in cases where non-statistical errors can be documented. Such errors generally include errors that the Census Bureau may have made in (1) processing the data used to run its estimation models and (2) processing information that defines a school district's geographic boundaries.

You must submit written challenges (by mail, facsimile, or email) concerning the accuracy of these data no later than April 7, 2008 to:

DID SAEB
Attn: SAIPE Challenge
U.S. Census Bureau
Room 6H128
Washington, DC 20233
Facsimile: (301) 763-6234
Email: hhes.saipe@census.gov

For more information and guidance concerning the Census Bureau's challenge procedures please see the following web site:

<http://www.census.gov/hhes/www/saipe/nontechdoc/challengepro.html>

Note that the list of school districts used for the 2005 estimates is based on the SY 2005-06 school district boundary survey conducted by the Census Bureau with the help of the district mapping coordinator in your State. Also, the school districts on this list include only "regular" school districts that have geographic boundaries. The list excludes, for

example, special school districts, such as charter schools, that a State recognizes as LEAs, as well as regional vocational education districts. Rather than “correcting” such LEA boundary data, States will need to adjust the Title I, Part A LEA allocations that the U.S. Department of Education (ED) determines in order to accommodate new or special LEAs not included on the Census Bureau's SY 2005-06 list.

Estimating LEAs’ eligibility and allocations: The data attached to this memorandum—the estimated number of related children ages 5-17 in families in poverty, the estimated total school-age population, and the estimated total resident population for each LEA—should also enable you to determine which LEAs on this list are potentially eligible for funds under the Basic, Concentration, Targeted, and Education Finance Incentive Grants allocation formulas.¹ Please bear in mind that the census poverty data do not include the other children counted in the formula, such as foster and neglected children. This information, in combination with the 85, 90, and 95 percent hold-harmless guarantee provided in the Title I statute, will help you determine which LEAs are potentially eligible and help eligible LEAs to begin planning for the coming school year since they would at least know that their minimum amount would be based on their prior year’s allocation. We expect to release preliminary estimates of SY 2008-09 LEA allocations based on the updated 2005 census data in several weeks.

The information also shows which LEAs in your State have a total resident population of fewer than 20,000. This will enable you to begin exploring whether your State wishes to use the flexibility provided in the Title I statute to redistribute LEA allocations determined by ED for those districts with a resident population under 20,000 using alternative poverty data. ED must approve any alternative poverty data that a State chooses to use for this purpose. If ED has already approved your use of alternative poverty data, you do not need to resubmit your request.

If you have questions about SY 2008-09 allocation issues, please contact Paul S. (Sandy) Brown on my staff. He can be reached at (202) 260-0976 (email: paul.brown@ed.gov).

Zollie Stevenson, Jr., Ph.D.
Acting Director
Student Achievement and School
Accountability Programs

Attachment

cc: Chief State School Officers

¹ To be eligible for a Basic Grant, an LEA must have at least 10 children counted under the Title I formula **and** the number of formula children must be greater than two percent of the LEA’s school-age population. To be eligible for a Concentration Grant, an LEA must generally have more than 6,500 formula children **or** the number of formula children must exceed 15 percent of the LEA’s school-age population. To qualify for Targeted and Education Finance Incentive Grants, an LEA must have at least 10 formula children **and** that number must be at least 5 percent of its school-age population.

**PUBLIC LAW
AND
FEDERAL REGULATIONS**

PUBLIC LAW 107-110**“SEC. 1002. AUTHORIZATION OF APPROPRIATIONS.**

“(a) LOCAL EDUCATIONAL AGENCY GRANTS.—For the purpose of carrying out part A, there are authorized to be appropriated—

- “(1) \$13,500,000,000 for fiscal year 2002;
- “(2) \$16,000,000,000 for fiscal year 2003;
- “(3) \$18,500,000,000 for fiscal year 2004;
- “(4) \$20,500,000,000 for fiscal year 2005;
- “(5) \$22,750,000,000 for fiscal year 2006; and
- “(6) \$25,000,000,000 for fiscal year 2007.

“(b) READING FIRST.—

“(1) READING FIRST.—For the purpose of carrying out subpart 1 of part B, there are authorized to be appropriated \$900,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years.

“(2) EARLY READING FIRST.—For the purpose of carrying out subpart 2 of part B, there are authorized to be appropriated \$75,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years.

“(3) EVEN START.—For the purpose of carrying out subpart 3 of part B, there are authorized to be appropriated \$260,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years.

“(4) IMPROVING LITERACY THROUGH SCHOOL LIBRARIES.— For the purpose of carrying out subpart 4 of part B, there are authorized to be appropriated \$250,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years.

“(c) EDUCATION OF MIGRATORY CHILDREN.—For the purpose of carrying out part C, there are authorized to be appropriated \$410,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years.

“(d) PREVENTION AND INTERVENTION PROGRAMS FOR YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK.—For the purpose of carrying out part D, there are authorized to be appropriated \$50,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years.

“(e) FEDERAL ACTIVITIES.—

“(1) SECTIONS 1501 AND 1502.—For the purpose of carrying out sections 1501 and 1502, there are authorized to be appropriated such sums as may be necessary for fiscal year 2002 and each of the 5 succeeding fiscal years.

“(2) SECTION 1504.—

“(A) IN GENERAL.—For the purpose of carrying out section 1504, there are authorized to be appropriated such sums as may be necessary for fiscal year 2002 and for each of the 5 succeeding fiscal years.

“(B) SPECIAL RULE.—Of the funds appropriated pursuant to subparagraph (A), not more than 30 percent may be used for teachers associated with students participating in the programs described in subsections (a)(1), (b)(1), and (c)(1).

“(f) COMPREHENSIVE SCHOOL REFORM.—For the purpose of carrying out part F, there are authorized to be appropriated such sums as may be necessary for fiscal year 2002 and each of the 5 succeeding fiscal years.

“(g) ADVANCED PLACEMENT.—For the purposes of carrying out part G, there are authorized to be appropriated such sums for fiscal year 2002 and each 5 succeeding fiscal year.

“(h) SCHOOL DROPOUT PREVENTION.—For the purpose of carrying out part H, there are authorized to be appropriated \$125,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years, of which—

- “(1) up to 10 percent shall be available to carry out subpart 1 of part H for each fiscal year; and
- “(2) the remainder shall be available to carry out subpart 2 of part H for each fiscal year.

“(i) SCHOOL IMPROVEMENT.—For the purpose of carrying out section 1003 (g), there are authorized to be

appropriated \$500,000,000 for fiscal year 2002 and such sums as may be necessary for each of the 5 succeeding fiscal years.

FEDERAL REGULATIONS

§ 200.70 Allocation of funds to LEAs in general.

(a) The Secretary allocates basic grants, concentration grants, targeted grants, and education finance incentive grants, through SEAs, to each eligible LEA for which the Bureau of the Census has provided data on the number of children from low-income families residing in the school attendance areas of the LEA (hereinafter referred to as the “Census list”).

(b) In establishing eligibility and allocating funds under paragraph (a) of this section, the Secretary counts children ages 5 to 17, inclusive (hereinafter referred to as “formula children”)—

- (1) From families below the poverty level based on the most recent satisfactory data available from the Bureau of the Census;
- (2) From families above the poverty level receiving assistance under the Temporary Assistance for Needy Families program under Title IV of the Social Security Act;
- (3) Being supported in foster homes with public funds; and
- (4) Residing in local institutions for neglected children.

(c) Except as provided in §§200.72, 200.75, and 200.100, an SEA may not change the Secretary's allocation to any LEA that serves an area with a total census population of at least 20,000 persons.

(d) In accordance with §200.74, an SEA may use an alternative method, approved by the Secretary, to distribute the State's share of basic grants, concentration grants, targeted grants, and education finance incentive grants to LEAs that serve an area with a total census population of less than 20,000 persons.

(Approved by the Office of Management and Budget under control numbers 1810–0620 and 1810–0622)

(Authority: 20 U.S.C. 6333–6337)

[67 FR 71733, Dec. 2, 2002]

§ 200.71 LEA eligibility.

(a) *Basic grants.* An LEA is eligible for a basic grant if the number of formula children is—

- (1) At least 10; and
- (2) Greater than two percent of the LEA's total population ages 5 to 17 years, inclusive.

(b) *Concentration grants.* An LEA is eligible for a concentration grant if—

- (1) The LEA is eligible for a basic grant under paragraph (a) of this section; and
- (2) The number of formula children exceeds—
 - (i) 6,500; or
 - (ii) 15 percent of the LEA's total population ages 5 to 17 years, inclusive.

(c) *Targeted grants.* An LEA is eligible for a targeted grant if the number of formula children is—

- (1) At least 10; and
- (2) At least five percent of the LEA's total population ages 5 to 17 years, inclusive.

(d) *Education finance incentive grants.* An LEA is eligible for an education finance incentive grant if the number of formula children is—

- (1) At least 10; and
- (2) At least five percent of the LEA's total population ages 5 to 17 years, inclusive.

(Approved by the Office of Management and Budget under control numbers 1810–0620 and 1810–0622)

(Authority: 20 U.S.C. 6333–6337)

[67 FR 71733, Dec. 2, 2002]

§ 200.72 Procedures for adjusting allocations determined by the Secretary to account for eligible LEAs not on the Census list.

(a) *General.* For each LEA not on the Census list (hereinafter referred to as a “new” LEA), an SEA must determine the number of formula children and the number of children ages 5 to 17, inclusive, in that LEA.

(b) *Determining LEA eligibility.* An SEA must determine basic grant, concentration grant, targeted grant, and education finance incentive grant eligibility for each new LEA and re-determine eligibility for the LEAs on the Census list, as appropriate, based on the number of formula children and children ages 5 to 17, inclusive, determined in paragraph (a) of this section.

(c) *Adjusting LEA allocations.* An SEA must adjust the LEA allocations calculated by the Secretary to determine allocations for eligible new LEAs based on the number of formula children determined in paragraph (a) of this section.

(Approved by the Office of Management and Budget under control numbers 1810–0620 and 1810–0622)
(Authority: 20 U.S.C. 6333–6337)
[67 FR 71733, Dec. 2, 2002]

§ 200.73 Applicable hold-harmless provisions.

(a) *General.*

(1) Except as authorized under paragraph (c) of this section and §200.100(d)(2), an SEA may not reduce the allocation of an eligible LEA below the hold-harmless amounts established under paragraph (a)(4) of this section.

(2) The hold-harmless protection limits the maximum reduction of an LEA's allocation compared to the LEA's allocation for the preceding year.

(3) Except as provided in §200.100(d), an SEA must apply the hold-harmless requirement separately for basic grants, concentration grants, targeted grants, and education finance incentive grants as described in paragraph (a)(4) of this section.

(4) Under section 1122(c) of the ESEA, the hold-harmless percentage varies based on the LEA's proportion of formula children, as shown in the following table:

LEA's number of formula children ages 5 to 17, inclusive, as a percentage of its total population of children ages 5 to 17, inclusive	Hold-harmless percentage	Applicable grant formulas
(i) 30% or more	95	Basic Grants, Concentration Grants, Targeted Grants, and Education Finance Incentive Grants.
(ii) 15% or more but less than 30%	90	
(iii) Less than 15%	85	

(b) *Targeted grants and education finance incentive grants.* The number of formula children used to determine the hold-harmless percentage is the number before applying the weights described in section 1125 and section 1125A of the ESEA.

(c) *Adjustment for insufficient funds.* If the amounts made available to the State are insufficient to pay the full amount that each LEA is eligible to receive under paragraph (a)(4) of this section, the SEA must ratably reduce the allocations for all LEAs in the State to the amount available.

(d) *Eligibility for hold-harmless protection.*

(1) An LEA must meet the eligibility requirements for a basic grant, targeted grant, or education finance incentive grant under §200.71 in order for the applicable hold-harmless provision to apply.

(2) An LEA not meeting the eligibility requirements for a concentration grant under §200.71 must be paid its hold-harmless amount for four consecutive years.

(Approved by the Office of Management and Budget under control numbers 1810–0620 and 1810–0622)
(Authority: 20 U.S.C. 6332(c))
[67 FR 71733, Dec. 2, 2002]

§ 200.74 Use of an alternative method to distribute grants to LEAs with fewer than 20,000 total residents.

(a) For eligible LEAs serving an area with a total census population of less than 20,000 persons (hereinafter referred to as “small LEAs”), an SEA may apply to the Secretary to use an alternative method to distribute basic grant, concentration grant, targeted grant, and education finance incentive grant funds.

- (b) In its application, the SEA must—
- (1) Identify the alternative data it proposes to use; and
 - (2) Assure that it has established a procedure through which a small LEA that is dissatisfied with the determination of its grant may appeal directly to the Secretary.
- (c) The SEA must base its alternative method on population data that best reflect the current distribution of children from low-income families among the State's small LEAs and use the same poverty measure consistently for small LEAs across the State for all Title I, part A programs.
- (d) Based on the alternative poverty data selected, the SEA must—
- (1) Re-determine eligibility of its small LEAs for basic grants, concentration grants, targeted grants, and education finance incentive grants in accordance with §200.71;
 - (2) Calculate allocations for small LEAs in accordance with the provisions of sections 1124, 1124A, 1125, and 1125A of the ESEA, as applicable; and
 - (3) Ensure that each LEA receives the hold-harmless amount to which it is entitled under §200.73.
- (e) The amount of funds available for redistribution under each formula is the separate amount determined by the Secretary under sections 1124, 1124A, 1125, and 1125A of the ESEA for eligible small LEAs after the SEA has made the adjustments required under §200.72(c).
- (f) If the amount available for redistribution to small LEAs under an alternative method is not sufficient to satisfy applicable hold-harmless requirements, the SEA must ratably reduce all eligible small LEAs to the amount available.

(Approved by the Office of Management and Budget under control numbers 1810–0620 and 1810–0622)
(Authority: 20 U.S.C. 6333–6337)
